When  
Where

## HOMECOMING

October 7, 1939

7:30 P. M.—Assembly at Stadium for Pep Rally and Parade.  
7:30 P. M.—Bonfire and Program, Lower Athletic Field.  
10:00 P. M.—Homecoming dance, Physical Education Building.

**Saturday**  
11:00 A. M.—Get-together Chapel, Van Meter Auditorium.  
12:15 P. M.—History Club Luncheon, Helm Hotel.  
12:15 P. M.—French Club Luncheon, Potter Hall.

1:30 P. M.—Meeting of Varsity Members of Football, Basketball, Baseball, and Track Squads of 1939-1940, Physical Education Building.  
7:30 P. M.—Football Game, Western vs. Louisiana Tech.  
8:00 P. M.—Open House, Refreshments, West Hall, Potter Hall and Cedar House.

6:30 P. M.—"W" Club Dinner, Helm Hotel.  
9:00 P. M.—Shadow Hop, Physical Education Building.  
Reservations for Homecoming football game should be sent to Florence Schneider, Bureau.

(Reserved seats \$1.00 each.)

## FACULTY NOTES

### LEMONS

Dr. R. L. Lemons, father of Miss Mary Ruth Lemons of the art department, died Saturday, August 26 at his home in Liberty, Mo. Dr. Lemons, a retired Baptist Minister, had been ill with heart trouble prior to his death. He is also survived by his wife, who has arrived to spend the winter with her daughter.

### McMURTRY

During the last weeks in August and September, Western has cooperated in a testing program in the COC Camps for talented youth at Russellville and Marshall, Ohio. This program was sponsored by the American Youth Commission through the American Council on Education. The purpose of the program is to ascertain the intellectual, educational, economic and social background of the enrollees so that a better guidance program might be worked out. Prof. Howard McMurry, of Western's education dept., who conducted the testing reports that the COC Camps are doing much to promote education and citizenship among the enrollees.

### SMITH

The Finance Committee of the Commission on Public Education in Hawaii, has requested a copy of "The Ability of Kentucky to Finance Its Educational Program." The committee desires to use formulas of Dr. Smith in determining the ability of Hawaii to finance its educational program. He has also been asked to submit an article for the Journal of the official organ of the Society for Curriculum Study.

### BAKER

Mr. Marvin Baker, Western faculty member and football and basketball official, has received a letter from Ted Sanford, secretary of the Kentucky High School Athletic Association, informing him that in order to facilitate the assigning of officials, Kentucky has been divided into 16 regions and that he has been placed in charge of the Fifth.

Mr. Baker has asked that all officials included in the local region forward him their open dates so that in case of emergency he may call on them to officiate.

### BILLINGS

Dr. M. L. Billings was in Owensboro Saturday, Sept. 30, to organize a study center for the teachers of Davies County. The study center is expected to hold Saturday classes in psychology conducted by Dr. Billings. However, if there is not sufficient demand for instruction in psychology, biology may be substituted.

Mary Henry Pepper of the Training School, spent last week with her parents Dr. and Mrs. Young Pepper, at Frank-

## SIXTY TRY OUT FOR DRAMATIC PRODUCTION

### Pullitzer Prize Winner "Our Town" To Be Produced

A record number of more than 60 candidates turned out Wednesday night-September 27, as Mr. J. Reid issued a call for tryouts for his fall production, the 1938 Pulitzer Prize Play, "Our Town," by Thornton Wilder.

The large number of students who appeared for try-outs is significant of the interest in dramatics on Western's campus. The talent revealed was of exceptionally high standard and offers the director a problem in selecting the cast. Mr. Sterrett met the group in VanMeter Auditorium the next evening for further study and will announce his complete cast at an early date.

"Our Town" was produced on the New York stage last season and was hailed by the critics as a play of tremendous power, as well as one of the great plays of our day. The story in "Our Town" is the life of any town, of any human, from the cradle to the grave.

The Western Players are fortunate in being granted permission to produce this drama, as the play is still restricted to certain areas because of its continued professional success. Mr. Sterrett is directing a cast of over forty in rehearsal and is pointing towards Friday night, November 10, the opening night of the play on College Heights.

## KY. BUILDING OCCUPATION PROGRESSING

### Museum And Office Are Housed In Structure

By Pollard White

After all these years of waiting we are about to witness the completion of the Kentucky building. There are probably many students at Western who do not know some of the important facts about the building which make it a very interesting and significant addition to Western's campus.

Let's go back to about 1923, when our late Dr. H. H. Cherry first conceived the plan for a museum for the campus. The original idea was to secure subscriptions from Western alumni in order to finance the project. These subscriptions, plus various donations, came to a total of approximately \$125,000, and work was started in 1931.

During the construction of Cherry Hall the Kentucky building was used as a recreation hall. Finally, in December of 1938, completion was started. By means of a PWA grant of \$37,000 and a \$50,000 donation from the State and other sources, the interior was completed and furnished.

This library, which also occupies the right wing on the third floor, is one of the most complete and extensive of its kind in the state. It is composed of some 100,000 volumes, many of which are original autographed manuscripts.

As we leave the top floor of the library we come into the center section of the third floor, which, together with the left wing, holds the museum of natural history. This museum contains approximately 300 mounted birds, and many mounted animals native to Kentucky.

The rest of the museum of natural history is composed of antique furniture of all periods, and by the time they land-

## In The Beginning

A new year, a new chance, new faces, new courses, new grades, new buildings—and a new Herald staff. We of that staff hope this will be a more than ordinarily successful year for Western's official newspaper. This can be achieved only through the whole-hearted support of each of you—students, faculty, alumni, and friends.

We do not anticipate that the Herald will measure up to your every wish; it certainly will not to ours. Your criticisms will aid us. Let's have them.

Indefinite though it is, real school spirit will be manifest by your support of the Herald. Give it, and you will receive in return a worthwhile paper. — The Staff.

## MEETING HELD OF FOUNDATION DIRECTORS

### Report Shows 432 Loans During Past Year

The annual meeting of the directors of The College Heights Foundation was held last evening in the Foundation offices in the Kentucky Building. Preceding the business session, a delightful dinner was served in the faculty room of the Kentucky Building under the able supervision of Miss Helen Gwin, the dietitian of the college. Mrs. Paul L. Garrett, Mrs. Frank P. Moore, Miss Matilda McLean, Miss Florence Schneider, Mrs. H. H. Cherry, and Miss Gable Robertson, were guests at the dinner.

The meeting was called to order and presided over by President Paul L. Garrett. Those in attendance were: President Garrett, Laurence B. Finn, Dr. John H. Blackburn, J. P. Masters, Sterrett Cuthbertson, Edward B. Stout, Sam H. Allen, Mrs. H. R. Matthews, J. R. Alexander, and R. H. Seward.

Dr. John H. Blackburn, appointed to fill the unexpired term of M. O. Hughes, resigned, was re-elected for a term of three years. Other members of the board whose terms expired and who were re-elected were: R. E. Cooper, Sterrett Cuthbertson, Sam H. Allen, and J. R. Alexander. All members of the Executive Committee were re-appointed. The members of the committee are: President Garrett, Edward B. Stout, Sterrett Cuthbertson, Mrs. H. R. Matthews, and J. R. Alexander.

Mr. Seward, who has served in capacity of Executive Secretary and Treasurer since 1923, was re-elected to his present position. Mr. R. L. Blaine was named bookkeeper; Marjorie Stanley, stenographer, and James L. Hall, manager of the bookstore.

Secretary Seward submitted his sixteenth annual report which showed that the Student Loan Fund department of the organization had done much during the year to assist worthy and needy students continue

their educational work. The report revealed that 402 loans were made during the year amounting to \$50,284.75, thus bringing the total number of loans to 6028, and the amount of these loans to \$222,297.00. The repayments for the year were \$28,344.94. The total repayments aggregate \$185,044.36. During the year 200 loans were made to males and 102 to females. Sixty-four sophomores, 113 juniors, and 223 seniors received help during the year. The interest and earnings for the year amounted to \$4,251.10.

Listed among its assets are: Cash and Notes, \$77,482.59; Pledges and Accounts, \$92,410.53; Inventory, \$16,479.62. In addition to this the Foundation has put over \$100,000.00 into the Kentucky Building and other allied projects such as the Kentucky Library and Museum, Pioneer Log Cabin, and Colonial Gardens. According to the Foundation's charter, these projects are now the property of the State which will in the future maintain and manage them.

The Kentucky Building is quite unique, housing, as it does, the Foundation, Personnel, N.Y.A. Herald, and WPA offices. These various agencies, plus the Kentucky Library and Museum, constitute an institution in themselves, each one working hand in hand for the advancement of the "Hill." It should not be overlooked that a good deal of credit goes to the Federal Government and State for helping to finish this project. With the completion of the building, the Foundation can now devote its time and energy to the building up of its loan fund. After all it was stated, the "Student Loan Fund is the 'heart and soul' of the Foundation."

## Homecoming Significant For Globe Trotting Faculty Members

By Berri Barone

Three globe-trotting members of Western's faculty, Miss Mabel Rudisill, Miss Mary Cole and Miss Elizabeth Strayhorn, have found that Homecoming has taken on an added significance, and a fourth, Mr. Charles Massinger, feels that he should celebrate Thanksgiving twice, in accordance with both the President and the Governor. Misses Cole, and Rudisill were in England when the war broke out, while Mr. Massinger visited among other countries, Germany, but luckily some three weeks before the advent of hostilities.

Misses Strayhorn, Cole, and Rudisill along with Miss Minnie S. Martin, a former member of the Western faculty, sailed from New York in the latter part of August amid alarms of a new European crisis which they hoped would blow over as had the many previous ones. Conditions steadily grew more critical, however, and by the time they landed at Cobh, Ireland, the experts

were predicting the worst. But once on the Isles they were amazed at the calmness and the optimistic attitude of the English. Almost without exception the British affirmed, "there will be no war."

It was on the morning of September first, as they were beginning a tour of England, that the announcement of the German invasion of Poland. Two days later, as they were continuing their tour of Scotland, came the dreaded news that England was at war.

Following their original itinerary, they visited the Shetland Islands and then proceeded to the great "Whispering" London. There everyone was calm, cool, and very busy. Preparations for war were rapidly being completed. The city seemed filled with soldiers, bandages, shellfish, signs. High above the thousands of balloons whose many dangling cables were destined to obscure any

## ENROLLMENT LARGER THAN LAST YEAR

### Practically Every County In State Is Represented

Enrollment for the present semester is in excess of that for the corresponding semester in 1938. According to figures released at press time there is a total of 2018 students enrolled. Of these, 1485 are in the college department, 498 in the Training School, and 40 in the Model Rural School. Fifteen new sections have been added to the regular fall schedule of 344 college classes in order to take care of increased enrollment.

Some interesting facts about fall enrollment are:

Practically every county in Kentucky is represented. Students from twenty-one foreign denominations are enrolled.

Average age of the student body is between 18 and 19 years. Only ten per cent of the students are over 23 years.

Nine per cent of the students are under 18 years of age. Transfer students have attended more than 100 institutions of higher learning in Kentucky and other states.

## 7 MEMBERS ARE ADDED TO FACULTY

### Four In Training School And Three In College Department

Seven additions have been made to the faculty for the 1939-40 school year. Four of these are in the Training School and three are in the College Department.

Dr. David McKinney is taking the place of Mr. Sprigell of the department of economics and sociology, who resigned.

Miss Inez Webb is teaching home economics in the place of Miss Helen Hunt, who resigned this summer.

Rondle Wright is substituting in the physics department for Mr. Guy Fortman, who is doing graduate work at Indiana University.

Miss Willie Louise Stevens is replacing temporarily Mrs. Herman Lowe as fourth grade critic teacher in the Training School. Mrs. Love is on leave of absence.

Mr. N. G. Denes is teaching social science in the Training School and assisting in coaching in the college. He is temporarily filling the place of Mr. Arnold Winkenhöfer, Mr. Winkenhöfer has been transferred temporarily to the college department of physical education and is doing the work of Mr. E. B. Stansbury, who is on leave for graduate study at the University of Iowa.

Miss Norma Laqure, A. B. '33, is substituting as music teacher in the Training School. Miss Roxie Gibbs, who is on leave for graduate study at Northwestern University.

## NEW STUDENT PHYSICS INSTRUCTORS NAMED

Because of the unusually large enrollment in the physics department this semester, it has been deemed necessary to appoint three additional laboratory instructors. Physics majors Mary Frances Baise, Allen Miller and Bob Kirby are the new appointees.

Ernest Belmont and Joseph E. Gregory, of Atlanta, Georgia, were married May 6, 1939. Mr. Gregory is a former Western student.

## Plans Completed For Homecoming Tomorrow

### A Word From the President

President Paul L. Garrett

This is to announce Homecoming for October 6-7, and to urge that you come. We think the

program offers much that will interest you. Most important, however, is the opportunity to meet old friends, to come into contact again with the spirit of Western, and by your presence to make your contribution to the end that that spirit shall never die.

You are invited to visit the Kentucky Building which is substantially complete. After the game you will have an opportunity to meet your friends at the Cedar House, West Hall and Potter Hall.

Homecoming is always a success. No matter how successful it might be without you, it will be a greater success if you come.

All members of the Staff and student body join me in a sincere hope that you may be with us.

Cordially yours,  
Paul L. Garrett

## PHYSICS GRADUATES DOING GRADUATE WORK

Jack Jones, Bob Reithel, Ed Ferrel, and John O'Connor, four former Western physics majors who received their degrees last spring, have enrolled for graduate work at two nationally known institutions. Jones and Reithel are both on instructorships at the University of Kentucky, while Ferrel has been the recipient of an instructorship and O'Connor a scholarship at Vanderbilt.

## LOGAN WAS DIRECTOR OF FOUNDATION

### Joined Board of Directors in 1923; Was Charter Member

Senator Marvel Mills Logan of Bowling Green, who died at Washington, D. C. last Tuesday was a charter member of the College Heights Foundation board of directors, having joined the board in 1923.

All activities were suspended on the Hill yesterday afternoon to allow students and faculty members to attend his funeral at the First Baptist Church, here, the men's class of which he taught for a long period of years.

Various Washington dignitaries and friends of Senator Logan accompanied the body on the special train which bore it here from the Capitol. Interment will be in the Logan family cemetery at Brownsville.

## TOPPERS OPEN WITH WIN OVER OHIO U., ATHENS

Cashing in on two of many sporting opportunities, Gander Terry's 1939 edition of the Western Hilltoppers trounced a highly touted Ohio University team at Athens, Ohio, Saturday, September 23, by a 14-7 score.

The Toppers put on a sustained scoring drive in the second quarter which elicited for their opening marker after several similar attempts had gone for naught.

Not to be outdone, the Bobcats retaliated in the same period and thereafter held the Toppers in check until a series of

## SIX FORMER STUDENTS PASS BAR EXAMS

Among the ninety-one candidates from the State of Kentucky to successfully pass the last state bar examination were five Western graduates and one former student. The number included in the list were: A. J. (Gus) Winkenhöfer, Jr., Bowling Green; John M. Lovett of Benton; Arvin Upton of Frankfort; H. Benis Lawrence of Louisville; Norris Vincent of Brownsville; W. H. Howe Mead of Paintsville, and Francis Pearl of St. Louis. All are graduates of Western's law school.

Winkenhöfer is enrolled in the University of Louisville Law School; Lovett and Upton are in Harvard University Law School, and Lawrence, Vincent and Mead are in Jefferson School of Law, from which Pearl has been graduated.

## Freshmen Lose To Vandy 13-0

In their opening game of the year Western's freshmen ended a hard fought battle with the Vanderbilt yearlings on the short end of a 13-0 score at Dudley Stadium in Nashville Saturday afternoon.

Playing in a driving rain which handicapped both teams' offensive maneuvers, the Hilltoppers failed to hold the Vandy team away from their goal line in spite of the punting of Chick Ellison who averaged more than 40 yards with his boots.

Vanderbilt made their first marker during the first quarter on an 18 yard pass from the Western 30 yard line by Byers to Earls who ran the remaining distance unopposed. The second marker came in the final quarter when Stevenson's punt was blocked on Western's 12 yard line. Pelly cracked the line three times for eight yards and Tipton, on the next play, hit center, fumbled and recovered over the goal line for the score.

Ellison who showed much promise in the kicking department, Stevenson, Natterman and Gore were outstanding for the local frosh, while Earls, Bryas, Pelly, and Tipton shone for the Vandy eleven.

Miss Gerlie M. Bandy, of the class of 1938, formerly of Scottsville, visited College Heights recently. She has been teaching in Georgia, but expects to locate in Florida next year.

(Exact times and places elsewhere on this page)

Plans were virtually complete today for the annual Homecoming festivities which open tomorrow morning with the usual get-together chapel in Van Meter auditorium.

Tonight students and townspeople will engage in a pep rally, parade, bonfire, and dance. Saturday afternoon the Hilltoppers meet a new gridiron foe in Louisiana Tech before a crowd expected to fill the stadium and bleachers to capacity. The Western men seek their third win in three starts this season.

Saturday morning will see the holding of the first annual breakfast for past and present members of the Talmans staff.

At noon the Cherry Country Life, History and Speech clubs will meet at lunch with all former members expected to attend. Letter men of all varsity squads of the years 1936, 1937, and 1938 will meet soon after lunch. Open house will be observed in Potter and West Halls and the Cedar House later in the afternoon.

Banquets of the "W" Club and Congress Debating club will precede the Shadow Hop on Saturday night.

Reservations for the above events should be made as soon as possible. Homecoming was first observed at Western in 1927 under the guidance of the late President H. H. Cherry. It is being carried forward in spirit and program by President Paul L. Garrett.

## 1135 BOOKS ADDED TO LIBRARY

Miss Margie Helm, Western's Librarian, reports that beginning last year the Carnegie Foundation made an appropriation of \$6,000 to be received in the years 1938, '39, '40, at a rate of \$3,000 each year. This fund, the first payment of which was received last year, is being used to build up the reference and recreational collections of the library.

Last year 1135 books of various nature were purchased. Among those purchased were 100 found bound magazines, 10 complete old files, and some 1000 newly old government documents. With this appropriation, helping to clear the way, Western's library is fast becoming one of the state's leading libraries.

T. O. Blackburn, B. S. '38, is teaching mathematics, agriculture, social science and coaching at Flat Rock High School, Fredonia, Ky. Also in the same school system are Elizabeth Stephens, A. B. '38, teaching English, music, and biology, and Evelyn Cliff, elementary certificate '39, who is teaching in the elementary grades.

Mrs. Frank Young Patterson, A. B. '27, died at the City Hospital here on Wednesday, September 20, following a short illness. She was the aunt of Mary Johnson of Princeton who is at the present time a sophomore on the Hill.

Christine Cotton, A. B. '36, who attended Duke University the past summer, was initiated into the Kappa Delta Pi honorary fraternity. She is presently teaching in the primary department at Hughes-Kirk school in Muhlenburg County.

Walter Wright, A. B. '38, is in Varnville, S. C., teaching in a private school and physical education.

Priscilla Lytle, A. B. '33, Home Demonstration Agent in Grant County, visited the Hill recently.

## A-B-C-D or F?

A great amount of space is given in the columns of the Herald to the goings on of various extra-curricular organizations from intercollegiate football to the Iva Scott Club. These are the things that are not altogether routine—they are news, and as such are presented.

It is well to remember, however, that the thought accent on "extra-curricular" is on "extra." Valuable though these activities are, they are only appendages, mere branches of the main trunk. Without the main trunk of everyday academic pursuits they could not even exist.

Many a student tries to get through college hanging onto one of these many branches and finds, often too late, that only the trunk has enough of substance to support him.

We may all well be realistic about it, we, the blase moderns who scorn all but realism (?). The most accurate index of the future success of a Western graduate is his class room record.

And why shouldn't it be? There is as much thrill in an equation accurately derived as in an off-tackle slam smoothly run. There is a milder but as sure a glory in a poem understood as in the newest dance craze learned. It is there for him who wills to find it.

This is by no means a condemnation of extra-curricular activities. It is rather an attempt at an evaluation of the strength and not the appearance of the various currents of college life.

Such an evaluation is needed at the start of a new school year. It's like sulphur and molasses in the springtime.

## A Friend Passes

Western lost one of its most loyal supporters in the death of Senator M. M. Logan on last Tuesday. Senator Logan was a charter member of the College Heights Foundation board of directors. He had been a member since 1923 when he was one of the leaders in setting up this student loan fund. From then until the time of his death he manifested a great interest in this and all other matters concerning College Heights.

As a legislator and constitutional lawyer "Judge" Logan, as he was most often called in Bowling Green, was among the best Kentucky has produced.

Truly, our college and the Commonwealth have seen the passing of a noble friend and citizen.

## Homecoming or Pop Rally

Homecoming at Western has happily remained to a great extent the institution it was when it was begun back in 1927.

Friend meets friend, publicly in the get-together chapel, privately in the various buildings and on the campus. Old experiences are recounted, old jokes retold. Teachers meet former students who have grown professionally far beyond their fondest hopes. Former students meet teachers and see them not as task-masters but as friends. The football team tries hard and wins, or usually does.

An institution characterized by friendship and the "spirit of the Hill"—that is Homecoming. Yet there is the danger that it may evolve into little more than a pep rally and football game, which are only parts of it.

When this happens that which has been typical of Western for a generation may be said to be gone.

Whether it happens it up to you who read this paper.

# ALUMNI FLASHES

With Raymond C. Hornback

September ushered in a new school year for many of our alumni. May the year 1939-40 be a prosperous one for you. The publishers of the College Heights Herald are very anxious for you to become a reader of your paper, and the editor of Alumni Flasher invites you to follow the members of your profession through this column. An effort is being made to bring alumni flashes to you every two weeks.

Your help is solicited. Send your news items to Raymond C. Hornback, Route 4, Louisville, Ky. Tell me all about yourself, your wife, your children, your hobby, or any accomplishment that you think worthy of publication. Don't be too modest; I want all the facts. I shall appreciate it very much if you will tell me about your friends. Don't delay, let me hear from you today.

Miss Amy Longest, a world traveler and school teacher, was visiting friends in Bowling Green in 1928 when Miss Frances Richards, journalism teacher, assigned me to interview her at the Helm Hotel one winter evening. The task completed—an introduction to several girls who had come down to see the Muhlenberg County, one of Muhlenberg County, one of whom became my wife. In answer to one of my questions, Miss Longest informed me that she secured her position as teacher in the Philippine Islands through the Bureau of Insular Affairs, Washington, D. C. I rushed home and wrote for an application. Request granted—position secured—married girl that I met at interview—lived in Islands three years. Met many Americans and Europeans, some of whom became close friends. Two of these, Mr. and Mrs. A. H. Ellis, publishers of textbooks in the Bureau of Education, Manila P. I., were our guests for three days last week. After we had completed a trip to Mammoth Cave, the travelers said that the cave is the most beautiful natural wonder that they have seen in all of their travels, and they have traveled for the past thirty years all over the world. They left singing praises of Kentucky.

William "Red" McCrackin has joined the faculty of Manual High School in Louisville, Ky., as a mathematics instructor and assistant on the coaching staff. Since graduation at Western, where he won fame as center on the basketball team, Red has been an instructor in physical education at Barrett Junior High School.

Max Reed, formerly a teacher at Okolona School and a graduate of Western, is working on his Masters degree at Indiana University. Max played on the Louisville Tank football team last season and has joined the team again this year.

O. T. Evans, B. S. and Mrs. Elizabeth Evans, A. B., 1929 graduates, are now living in their new home in Mt. Sterling, Kentucky, where Dr. Evans has been located since his graduation from the University of Louisville Medical College.

James Charles Bruce, A. B., '29, is principal of the Camp Taylor graded school in Jefferson county. Charles is busy these days getting into his new school building and keeping up with world sports events. The last time I saw him he was polishing his football whistle, getting ready to do some officiating in the North Central Conference.

Morton Taylor, A. B., '29, an active member in the English and Social science clubs while at Western is employed by the Federal Land Bank, Louisville, Ky.

Mr. and Mrs. Harold Mount are the proud parents of Claire Lou, eight pound girl born Saturday morning, September 1. Harold is a teacher in the Okolona High School, Jefferson County.

E. W. Belcher, A. B., '32 is teacher of ungraded work in the John Marshall school in Louisville, Kentucky.

Western won the ladies' singles Bob Pay, manager of the tournament, walked off with the winners' trophy in a tournament early in the season. Pay also arranged games with the Junior Davis Cup teams for the benefit of young tennis enthusiasts in Okolona.

Mary Browning, life class of 1912, later B. S. at Peabody and M. A. at Columbia, has been elementary supervisor in the Louisville schools for the past ten years.

An English major, Mary Ruth Hodge, A. B., '34, has taught for sixteen years in the Louisville schools. Mary Ruth has written two plays. Safety was published in Safety Magazine, and Sails of Success was published by the National Education magazine on Education Week. The English Journal published Making a Motion Picture of the Lake in May, 1938, and the Curriculum Journal published her Learning How to Read a Newspaper in April 1939. Miss Hodge married Bob Cox of Louisville. During the school year 1938-39 she was editor of The Dial, a publication of the Louisville Educational Association.

The stork arrived with an eight pound boy, David Bates, at the home of Mr. and Mrs. T. T. Knight, Okolona, on Saturday morning, September 23. Several weeks before the arrival Mrs. Knight asked T. T. Jr., five years old, if he would like to have a little brother or sister. He answered that he would. Then after playing for a few minutes, he returned to the house and told his mother that if it could be arranged he had rather have a two wheel bike.

Tenn's reached a new high this summer on Okolona's new courts with several Western graduates competing for honors. J. E. Chappel, basketball coach at Fern Creek, with Tommie Wilson, Shepherdsville, won the men's doubles. Charles Vetter, Chappel, and your correspondent were all eliminated in a Jefferson county open men's tourney, with Chappel reaching the finals. Mrs. R. C. Hornback, known as Daisy Nell Rice at

Western, won the ladies' singles Bob Pay, manager of the tournament, walked off with the winners' trophy in a tournament early in the season. Pay also arranged games with the Junior Davis Cup teams for the benefit of young tennis enthusiasts in Okolona.

visiting bombays. Everywhere were gas masks.

Their plans were to take the Queen Mary from Southampton on September thirteenth, but since accommodations were not available, they booked passage on the Mauretania, Britain's newest liner. The American consuls all strongly advised sailing only on American ships, but none would have been obtainable until more than a week later.

Every precaution was taken to safeguard the ship from any lurking submarine. She was painted a dull grey, armed with both anti-submarine and anti-aircraft guns, and followed a zigzag course, calculated to throw any enemy vessels off her trail. So great was her speed that she made the crossing without convoy. No untoward incident disturbed the peaceful homecoming.

Mr. Massinger confined the major portion of his trip to a tour of England and the Scandinavian countries, his plans including only a few days stop in Hamburg.

He devoted two weeks to inspecting the great cathedrals of Southern England. Then he proceeded to Norway, which, along with Sweden, is the country most popular with English vacationists. Mr. Massinger said he was amazed at the tremendous amount of energy the English people put into their vacations, their favorite form of relaxation being hiking or bicycling, a la Mr. Chips, up and down the rugged mountain peaks. He found Stockholm, the Venice of the North, to be surprisingly cosmopolitan. Regrettably, he was forced to leave before the opera season got under way.

Ralph Dodgeon, A. B., '38, is coaching at Lebanon.

## CHARLES SMITH

There can be little doubt that this year should be a memorable one in the progress of Western's music department. The influx of new musicians from far and near is evidenced by the large enrollment in Prof. Chan-non's sightseeing classes. This new blood has swelled the ranks of the college band to about one hundred and twenty members. The chorus, orchestra and other musical organizations on the hill have also benefited. It can readily be seen that our music department is enjoying an excellent and deserved reputation which is by no means confined within the borders of this fair state.

Musical activity thus far, as might be expected, has been exceedingly limited; chapel meetings have for the most part been devoted to organization, pep rallies, announcements, rehearsals of college songs, etc. The freshmen, however, were privileged to hear William Bob-rick, violinist, perform on the first of the freshmen days, Friday, September 15. Mr. Bob-rick rendered "El Czarhas" by Monti and as an encore "Dubinushka", Russian craftsmen's chantey transcribed by Karl Rissland. Both numbers were well received by the student body. Professor C. N. Channon was at the piano.

The wet weather last Saturday prohibited the band's playing for the Morehead tilt. The band which had assembled at the old music hall was rehearsed briefly by Dr. Perry and dismissed. Some of the band members, displaying the hardy loyalty possessed by those other fans who witnessed the game in the rain, attended the muddy encounter, anyway. Let us hope that the Homecoming game is played in more favorable weather. With an extra week's drill before its initial appearance, the band should acquit itself admirably.

"Germany," Mr. Massinger stated, "seemed to be carrying out no special preparations for war. The German people seemed subdued and stolid, and it was quickly apparent that they were ill-at-ease at all public gatherings and in the presence of strangers. The press seemed very uninformative, and on the whole the Germans gave the impression that they were not sure just where they were going," he concluded.

Mr. Massinger returned on the German liner Bremen.

Goldie Lahue, class of '32, is teaching in the city schools of Maysville for her fifth year.

Margaret Vance, A. B., '39, is teaching English and history at Centertown.

Herbert Lewis, B. S., '39, is coaching and teaching in Perryville.

F. P. Geurin, class of '16, is beginning his 18th year in the public Schools of Tulsa.

James Brown, B. S., '39, is teaching agriculture at Cub Run.

## KY. BUILDING (Continued from page 1)

archeological and geographical collections.

In the left wing of the basement we find a recreational center, very much like the Cedeas House. The rest of the basement floor is taken up by the offices of the NYA, Foundation, Personnel department and College Heights Herald.

Miss Evelyn Perkins, A. B., '38, is music director of Ohio county.

## The Tower Light by The Lamplighter

Last year at Homecoming I sat in the rear of Van Meter Auditorium and heard members of our past graduating classes who have distinguished themselves introduced to the others fortunate enough to be back on the Hill. I heard them praised for what they had done and heard them respond in glowing terms with tributes to the institution and spirit that is Western. As I left the auditorium and wandered out into the marble-lined corridors I felt thrilled that College Heights had filled her mission so nobly that "all the sons and daughters of the Hill" felt moved to return once a year and pay sincere homage to her ideals and her achievement.

But as I emerged by the side of the fort onto the sunlit walk I looked down and noticed the door step, saved from native limestone it's not level any more but is worn and hollowed, yes, even hollowed, by the eager tread of others such as I. By those two thousand just leaving the auditorium! Only slightly. Suddenly I remembered that 60,000 different people have attended Western. They it is who have hollowed the step. They it is who helped her grow in size and numbers. But where were they that day in November? Some have passed on, some are too far away. The rest are just plain, ordinary folks—some good, some bad, others indifferent—doing plain, ordinary things. Are they too proud of their college? Do they attribute their limited successes to her or do they blame her for their mediocre existence?

As I passed on thoughtfully over the fort, I could not help wondering—ten years from now I will be one of the two thousand or will I be only another whose feet have helped wear the doorstep, lying patiently there in the morning sun?

# SOCIETY

**Lockwood-Abell**  
The marriage of Miss Harriet Lockwood, daughter of Mr. and Mrs. P. S. Lockwood, Perry, O., to Thad S. Abell, son of Mrs. W. L. Thurman, of Louisville, was solemnized in the parsonage of the Second Presbyterian Church, Alexandria, Virginia, May 7.  
Mr. Abell is a graduate of Western, class of 1930, and prepared for his Masters' Degree at the University of Cincinnati.

**Richardson-White**  
The engagement of Miss Katherine Winton Richardson, of Lexington, to Mr. Steve White, a former Western student, has been announced. The wedding will take place on October 18th.  
Mr. White has recently become a member of the Hopkinsville Bar Association, having gone from Western to complete his course in law at the University of Kentucky.  
Miss Richardson attended Swarthmore College, and was a student in the University of Kentucky school of law.

**Felts-Patterson**  
The wedding of Lulu Mae Felts, daughter of Mr. and Mrs. Homer Felts, and Mr. Charles Patterson, son of Mrs. Nora Patterson, all of Campbellsville, took place at the home of the bride Wednesday morning, August 30.  
Mrs. Patterson was graduated from Western in 1932. Her father took her to A. B. here in 1926.

## PERSONALS

Catherine Henry spent the week-end of September 22, at her home in Springfield, Tennessee.

Rebecca Shogart visited her parents in Franklin during the week-end of September 22.

Elizabeth K. Crow visited Bethel Women's College in Hopkinsville recently.

W. J. McDaniel, a student at Western spent last week-end with friends and relatives at Glasgow.

Doris Robertson, former Western student, was in Bowling Green recently visiting relatives.

J. Reid Sterrett left Bowling Green last Friday to spend the week-end in Lebanon visiting friends.

William H. McClure, B. S. '33, accepted a position recently as vocational agriculture teacher in Clarkton, N. C.

D. J. Hays, B. S. '33, was in Bowling Green recently on business.

Mrs. J. A. Sandback from Irvington, attended the Methodist Conference here last week as the guest of Mr. and Mrs. D. T. Perick.

Eugene Taylor, a former Western student from Greensburg, is attending law school at the University of Louisville.

Garnet Shuffett, former Western basketball and baseball player visited the Hill last week.

Sylvia Lee Forgy spent the week-end of September 22 at her home in Browder.

The Rev. and Mrs. A. H. Gregory parents of Frances Gregory, a senior at Western, attended the Methodist Conference here last week.

Della Mae Brown spent the week-end of September 22 at her home in Beech Creek.

Juanita Clark and Jean Crawford from Henderson visited Horner High in Potter Hall last week-end.

Gertrude Harlow visited in Munfordville recently.

Francis Moss spent the week-end of September 22 at her home in Horse Cave.

Loretta Taylor visited her parents in Scottsville recently.

Nancy Boyd and Mamie Lee Presnell spent the week-end of September 22, at their home in Elletts.

Mr. and Mrs. R. G. Williams from Marrowbone visited their daughter Robbie Williams on the Hill last week.

Harold Lee of Covington, visited his brother, Vernon Lee, a pre-medical student of Western, last week.

Noble Robinson spent last week-end at his home at St. Charles.

Billy Horrell left last Friday for a short visit with his family in Hopkinsville.

Jake Evans, B. S. '33, is in charge of the Franklin High School Band.

Margaret Miller Roemer, former Western student, is now connected with the State Board of Health in Louisville. She is studying to be a technician.

Richard Clarke, B. S. '33, is now employed by the Kentucky Tennessee Light & Power Co. as a member of the Field Survey Staff.

Mr. and Mrs. Raymond Hornback will be the Homecoming guests of Mr. and Mrs. Ted Hornback at their home on Normal Drive. Mr. Raymond Hornback is president of the Alumni Association.

James Harris, a member of the Junior Class, made an extensive tour over the scenic western and southwestern parts of the U. S. this summer. In his thirty-five day trip, he visited eighteen states, topping his travels with a short stay at the Golden Gate International Exposition at San Francisco.

# Club Notes

**ARTS AND CRAFTS CLUB**  
The Arts and Crafts Club held its first meeting Monday night, October 2, at 7:30 in the industrial arts building. Frank McQuown, president, presided over the meeting. Several matters of a business nature were considered, and a number of prospective members were introduced.

Talks were made by L. T. Smith and W. B. Nalbach.

The officers for the coming semester are as follows: Frank McQuown, president; Cecil Parsons, vice president; Norman Danick, secretary; D. N. Robertson, treasurer; Russell Blowers, reporter; and Carlos M. Johnson, sergeant at arms.

**Cherry Country Life Club**  
The Cherry Country Life Club had its first meeting of the fall semester Wednesday evening, September 27, at 7:00 o'clock, at Snell Hall.

The purpose of the meeting was the election of officers. Those elected were: president, Ray Hunter, Cadiz; vice-president, M. Taylor Hoskinson, Glendale; secretary, James Oliver, Sturgis; treasurer, Monroe Ayers, Madisonville; reporter, Gayle Pettit, Princeton.

Among business matters brought before the club was the planning of a luncheon and get-together for all members and former members of the club during the Homecoming festivities.

A program committee was appointed consisting of Conrad Haynes, Vernon Clark and Lester Keys.

**HISTORY CLUB**  
The A. M. Stickles History Club held its first meeting of the year September 22. The following officers were elected: Belmont Forsythe, president; Maureen Sublett, vice-president; Alma Lee Jones, secretary and treasurer; Don Backer, sergeant at arms. Committees were appointed and plans were made for the annual Homecoming luncheon October 7.

**DRAMATICS CLUB**  
The Dramatics Club held its first meeting of the year Wednesday evening, Sept. 27, at which time the following officers were elected: Paul Rutledge, president; Jo Allen Bryant, vice-president; Mary Virginia Hodge, secretary. It was announced that the club would meet the fourth Wednesday evening in each month. After the meeting was adjourned try-outs for the fall production were held.

**STUDIO CLUB**  
The Studio Club of the Art department, held its first meeting of the year Monday afternoon, September 23. The following officers for the semester were elected: Mary Wilson, president; Marion Bell, vice-president; Carolyn Johnson, secretary; Paula White, treasurer; Jack McElroy, club reporter. Plans were made for a picnic for all old members and prospective members which was held Monday evening October 2.

# COLLEGE HIGH TIMES

**COLLEGE HIGH TIMES**  
This issue marks the first appearance of the College High Times. When College High was offered this section of the College Heights Herald as its own, it was only natural that the class in Current English was given the opportunity to sponsor it. Current English is a new subject which is being offered to sophomores, juniors, and seniors this year. One of the purposes of this class is to allow students who think they have creative ability a chance to express themselves.

We are new to the journalistic world. We know very little about it. But we are sure of one thing. Every group should have some way to pass its thoughts and opinions on to other groups—that is the purpose of this section.

**Chemistry-Physics Club**  
The following officers were elected at the meeting of the Chemistry-Physics Club last Wednesday night: Dick Cannon, president; Proctor Eubank, vice-president; Mary Frances Batzel, secretary-treasurer; Vernon Lee, sergeant-at-arms; and Jim H. Lecky, reporter.

**FRENCH CLUB**  
The first meeting of the French Club was held Tuesday night, October 4, when organization and initiation took place. The club has taken for its topic this year the discussion of war activities in France.

**PERSONALS**  
Orlie Lawrence, B. S. '33, at present coaching at Valley High School, is planning to spend the week-end on the Hill.

Franklin Wade, former Western student, spent a month during the past summer touring the southwestern part of the U. S. and Mexico.

Frank McQuown spent the day in Nashville recently.

Bland Porter visited his parents in Mt. Washington last week-end.

Elizabeth Thompson spent last week-end with her parents in Portland, Tennessee.

Nancy Neill spent last week-end in Valley Station.

Mrs. Leslie Gray visited her daughter, Geraldine Gray in Potter Hall last week.

Loretta Taylor spent last week-end in Seattle with her parents.

Clara Clymer visited her parents in Horse Cave last week-end.

Frances Chaine spent last week-end in Horse Cave.

Sue Braun spent last week-end at her home in Madisonville.

Mary Sue Berry went to her home in Clinton last week-end.

Miss Elizabeth Strayhorn recently visited in Nashville.

Frances Young of Providence has transferred to Western from Randolph-Macon Woman's College, Lynchburg, Va.

Mary E. Puryear went to her home in Calhoun for the week-end.

Douglas Bell spent the week-end at his home in Corbin.

**NEW STUDENTS**  
The fall enrollment of College High shows not only an increase in students, but an addition of five new courses and three new teachers: Mr. Denes, Miss Pepper, and Dr. Denman. In addition to Current English, mentioned above, the following new subjects are offered:

Problem of Democracy, taught in this school two years ago, is being reintroduced by Mr. Nick Denes. The purpose of this course is to study the problems of our domestic policies and our relations with foreign nations.

The juniors and seniors are getting their first glimpses of chemistry from Mr. Rosa. With the addition of this new class it is possible to receive four high school credits in science.

Miss Raymond is introducing a course in Junior Business Training. This training is especially practical in everyday business life and the class room is filled to capacity.

Doctor Denman is giving his class in American History something different. The difference is not in the history, but is in that he, with the aid of Miss McClure, is conducting an experimental course.

Franklin, Kentucky, has given us Miss Mary Henry Pepper—and French. For the seventh and eighth grades an exploratory course is being offered and in the eleventh and twelfth grades two credits may be obtained. Great enthusiasm is being shown in both these classes. For the girls that are interested in the domestic side, a third year in Home Economics is being conducted by Miss Pate.

## SOCIAL COMMITTEE

**FORMED**  
For the first time in the history of College High, a social committee, composed of representatives from both the faculty and student body, has been formed, to plan the school's social activities for the year. The students who were elected by respective groups are: freshmen—Mary Alice Miller and Marvin Friedman; sophomores—Dorothy Kirby and Robin Rhea Price; juniors—David Gillmore; seniors—Sue Conway and Jimmie Stickles. Faculty members appointed by Dr. Jagers are: Miss Raymond, chairman, Miss Orendorf, Miss Pepper, Miss Lagura, Miss Shemwell, Miss Pate, Mr. McGehee and Mr. Denes.

A meeting of this committee has been called for this week and the entire school is awaiting their plans with interest.

**MUSIC NOTES**  
Our school is privileged to have Mr. Weldon Hart as music supervisor. Mr. Hart, we believe, is one of the best men in the state for this kind of work; being young and having decided talent in his field, he is very popular among the pupils. He has organized a boys' glee club, a girls' glee club, a mixed chorus and an orchestra. Jane Eakins, a senior has been selected to accompany these four organizations.

Last year our boys' glee club, mixed chorus and orchestra were honored with a superior rating in the district contest. Girls' glee club received the score of excellent. Mr. Hart has said that he expects us to do even better this year.

**GRADE PROJECTS**  
This fall at the beginning of school all the grades selected projects for this semester's work. An example if this is found in the sixth grade where the class is making a study of birds and their migratory habits. In connection with this they are planning a Junior Audubon Club.

The fifth grade is making a special study of communication and the effect Edison had upon it.

The life and habits of the American Indian is the basis for a special project by the third grade.

The first grade, being of a more adventures nature, is building a boat in connection with their special study of ocean vessels.

## Hilltoppers In Good Condition For Homecoming Battle With Louisiana Tech

Only the "thirteen" jinx and a fairly strong Louisiana Tech eleven stand in the way of a successful climax to a two-day gala Homecoming celebration on College Heights this weekend.

The football game Saturday afternoon which brings together the Hilltoppers and the Bulldogs eleven from Ruston, Louisiana all mark the thirteenth annual Homecoming game here. In that period the Toppers have won eight of these tilt, while dropping three and tying one. Even if the "thirteen" jinx doesn't operate, on the Red and Grey clad warriors, the law of averages will be operating against them to throw up another mental hazard for the present Western squad there is no player who ever tasted defeat in a Homecoming game.

Despite the usual ballyhoo which inevitably precedes the Homecoming game, the teams are seen to stack up fairly evenly on the basis of this season's record. The Tech team has chalked up three wins thus far in the campaign while the Toppers have gained the nod twice as many times out. Looking at the thing from last season's record, the locals have all the best of it, however. For while Louisiana could do no better than win three, lose seven, and tie one, the Toppers accounted for seven wins against a pair of defeats.

Physically speaking, the Western grid machine is in excellent condition for the tilt, barring last minute workout injuries. A change from the sloppy weather of last week should serve to give the local offense a chance to show itself, while their defense tactics were all that could be desired even on a sloppy field.

Any weight advantage carried into the fray by either side will be so slight as to be practically negligible. The Tech team boasts only two big boys in their starting lineup: Bob Phillips, 205 pound tackle, and Ed Wendling, fullback, who harnasses the scales with 221 pounds of football flesh.

The probable visiting line will average 197 pounds as compared with Western's 188, while their backs average 183 to 171 for the Hilltoppers.

Louis Rose visited his home at New Castle over the week end.

Elizabeth Denning spent last week-end at her home in Franklin.

John Ewing visited in Hanover Indiana last week end.

Eunice Morris was at her home in Woodburn a few days recently.

Orville Bolton spent last week end at his home in Munfordville.

*The Payoff  
with Dan*

### Vandy Figured Wrong

If the Hilltoppers are successful in their battle with Tennessee Tech next Friday night at Cookeville, it may be a case of "He who laughs last laughs best," or as Coach Diddle once said, "He who laughs last laughs last." The Commodores of Vandy were reluctant to meet Western again this season after the 12-0 scare which the Hilltoppers gave them last season. Accordingly, when TPI edged out Western by 7-6 last season, Coach Ray Morrison and company looked to the Golden Eagles as a way out of the dilemma. By scheduling T. P. I., a team which defeated Western, and by trotting them in an ignominious fashion, the Commodores would justify their passing up the local encounter.

The only fly in the ointment appeared when a short time ago the Technicians surprised Vandy and gained a 13-13 tie.

All that remains for the climax of this grid entanglement is for Western to polish off T. P. I. When and if they do, the Toppers will have established, on paper at least, an edge over Vandy who was tied by T.

## MOREHEAD FALLS BY BARE 2-0 MARGIN

WESTERN MOREHEAD...  
Western's Hilltoppers opened their home season last Saturday by noosing out the Eagles of Morehead, 2-0 on a lucky break which came late in the opening period. The contest was attended by only a few loyal fans who were willing to brave a chilling rain throughout the afternoon.

From the opening kickoff to

P. I. and over Rice Institute (the Owls) who lost to Vandy last Saturday 13-17.

### They Had It Coming

Strange as it may seem, Coach Don Peden of Ohio University did not regret extremely the loss of the encounter two weeks ago to Western. In the ten years since the stadium was built the Bobcats had lost only one home game and a constant pressure was on the coach to keep intact his unblemished record at home year after year.

Of course a defeat sooner or later was inevitable and Western's victory relieved that pressure from both the coaching staff and the team. The Toppers rated a banner headline in the Sunday paper at Athens by virtue of their win.

### Safety First

The Toppers' slushy battle with Ellis Johnson's Eagles of Morehead last Saturday didn't give the fans much of a chance to draw a bead on the home prospects for the season. It did serve however to add another chapter to the mental rule books of most fans on that fateful subject of "What is a safety and why?" Someday when the author becomes better versed in such things he will attempt to straighten that out. For the present, however, suffice it to say that Saturday's play was an automatic safety because Collins in the act of kicking accidentally stepped over the boundary line of the end zone. Had he not done so, the play would have resulted in a touchdown for Western as Jimmy Salato had pounced on the ball in the end zone.

### Kicks And Passes

Western State Teachers College of Kalamazoo—Michigan which possesses so many characteristics in common with our own Western State Teachers College has changed its nickname. Originally the Hilltoppers, the Kalamazoo outfit have adopted the nickname of "Broncos," and it took three years to pick the name too.

Western's game at Kalamazoo November 4 dedicates the new \$270,000 Waldow Football Stadium... Western Michigan also meets Ohio U. on November 18 in the first game between the schools—New interest has been manifest this season in boxing and cross country. How about intra-murals? The athletic department is ready to develop after Homecoming.

Wilson Jones, A. B. '35, Washington, D. C., recently spent two weeks at the home of his parents.

Iola Young spent Saturday in Nashville recently.

Alma Lee Jones vacationed this summer in Minnesota and Wisconsin.

## These Boys Ready For La. Tech

the closing gun the game was no more than a kicking duel between Red Oliver of Western and "Jug" Varney and Garland Collins of Morehead. Oliver's last kick traveled 34 yards from the line of scrimmage and his average for the first half was 39 yards. Western averaged almost 42 yards on 21 points for the afternoon, while Morehead had a 36 yard average on 20 tries.

The outcome was settled with less than 5 minutes of the first quarter remaining. Morehead had the ball on their own 15 yard line and Collins went back to kick out of danger. A bad pass from Center rolled past him into the end zone, and when he tried to pick it up to kick it, he was tackled by Curley

Pittman, Western end, who played most of the afternoon in Morehead's backfield.

After that single play the kicking game continued. Western penetrated once to Morehead's 17 yard line and Morehead reached the Western 23 yard stripe, but neither had the necessary punch to score. Elwood Sanders and Harry Bowling were towers of strength on the defense for the Toppers with Adams holding the spotlight for the Eagles. Duke Dulaney wore the brunt of Western's attack and "Jug" Varney was the mainstay for Morehead. Varney's running on the afternoon along with Oliver's great kicking.

The wet ball prevented any air raids from materializing.

Western took to the air twice and Morehead 4 times. Morehead had 5 first downs to Western's 2, both of Western's coming in the first half. There was much fumbling, as was to be expected, but most of it was done near midfield and caused little damage to either team.

Western's starting lineup was as follows:

Downing and Pittman, ends; VanMeter and S. Panepinto, tackles; Taylor and Bowling, guard; Sanders, center; Lathovic, quarterback; Oliver and Dulaney, halfbacks; Murphy, fullback.

Agnes Finley, graduate of '33, spent a few days in Bowling Green recently.

### TOPPERS WIN

(Continued from page one)

thrust in the final minutes of the fourth quarter elicited for the game winning score.

Rudy Benitz, punched the line for the Toppers' first counter. Dulaney tossed in Downing who fumbled as he was tackled and Pittman recovered over the goal line for Western's second score.

That the Toppers outplayed the Bobcats was universally admitted by the press and spectators who witnessed the game. The Bobcats last season gained a 6-0 victory over Illinois University of the Big Ten.

Outstanding for Western were Captain Sam Panepinto, and Raymond Van Meter in the line, and Oliver, Dulaney, Murphy and Benitz among the backs.

Dorothy Martin of Providence has transferred to Western from Bethel Woman's College, Hopkinton.

Carolyn Johnson spent last week-end in Centertown as the guest of Margaret Vance.

Martha Belle Moore, after attending Western summer school has returned to school in Washington, D. C.

Carter Webb and Glenna Bishop visited in Hopkinsville Sunday.
